

SHIFT

REMAPPING YOUR PADDLES

STEP 1

Press and hold the touchpad button, then press and hold the paddle.

Note: You must press touchpad first in order to access remapping.

STEP 2

The light bar will flash, now release the buttons.

STEP 3

Press any input you would like assigned to the paddle.

Note: To assign no function to the paddle press the touchpad button again during this step.

STEP 4

**Complete!
Your paddle has now been remapped.**
